

# RECLAIM OUR FUTURE

Fighting for the Promise of a Better America

The American Federation of Teachers fights for a better life for all and for the next generation to do even better. We fight for good jobs and the right to a union; for high-quality and well-resourced healthcare, public services, and public schools and colleges; to counter discrimination and division; and to protect the right to vote, the integrity of elections and our imperiled democracy.

- Healthcare professionals are carrying us through the deadliest pandemic in a century.
- Public employees are delivering vital services that communities rely on.
- Educators and school staff are working with families to help students catch up and recover—to support students academically, emotionally and socially. Just as they worked to safely return to in-person learning, educators are looking forward: They yearn for post-pandemic normalcy and are working tirelessly to prepare our kids for bright futures.

Our members must be respected and supported, especially now as their work is harder than ever, with increased stress, staff shortages, and political interference and attacks.

As professionals and as a union, we care, we fight, we show up and we vote. We choose hope and aspiration over fear and division. It is time to turn the aspiration that unites everyone in our richly diverse country—the aspiration for a better life for ourselves, our children and our communities—into action.

The **American Federation of Teachers** is a union of professionals that champions fairness; democracy; economic opportunity; and high-quality public education, healthcare and public services for our students, their families and our communities. We are committed to advancing these principles through community engagement, organizing, collective bargaining and political activism, and especially through the work our members do.
